water biodiversity climate change food air waste transport purchasing

## Professional Development – Term 2

### Water

Find out the latest information on water issues, discuss approaches to engage students in learning about water issues and taking action to improve water efficiency around the school.

NRM Education delivers the Australian Sustainable Schools Initiative, Waterwatch and the Weed Warriors programs

### Program Overview:

- The River Murray: an ecosystem in decline (guest speaker from the River Murray Urban User’s Group)
- Getting local: where is water in Adelaide and the Mount Lofty Ranges (urban reliance on the River Murray, reservoirs and environmental flows, urban catchments and stormwater harvesting)
- What does this mean for my school, students and me? Water Audits and School Environmental Management Plans
- An overview of water resources including a “Thinkers Key on Water”, useful internet sites and hard copy resources full of lesson ideas
- Networking opportunities

The Adelaide and Mount Lofty Ranges Natural Resources Management Board acknowledges the support of the following Councils and KESAB in the delivery of NRM Education

### Dates:

Thurs 7<sup>th</sup> May 4-6pm, McLaren Vale Institute Hall

Wed 13<sup>th</sup> May 4-6pm, The Watershed, Greenfields Wetlands, Salisbury Highway (just north of Port Wakefield Rd)
